

DROP DOWN TABLE

70 Series Landcruiser - Supplementary Instructions

Remove door card trim panel from vehicle rear barn door.

Hold the Drop Down Table against the metal bodywork and mark suitable hole locations for drilling.

Note: locations marked with arrows in photo. 2 holes will need to be drilled into the Drop Down Table mounting plate.

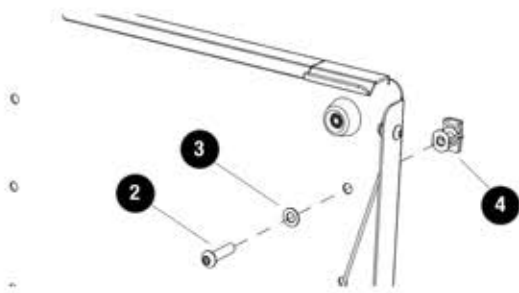

Carefully align door card trim panel with vehicle barn door and mark the mounting holes for the Drop Down Table.

Drill 4x mounting holes into the door card trim panel.

Install supplied (4) Turn Nut into holes drilled into the metal bodywork of the vehicle.

Assemble vehicle door card trim panel back onto vehicle barn door.

See diagram for installation of (4) Turn Nut, (2) Button Head Screw & (3) Flat Washer.

Mount the Drop Down Table to the barn door.

Admire your new Fold Down Table installed in your vehicle!
